ANIMAL HEALTH PROTOCOLS

CattleGrow Feedlot Management Module | Section 9

The screenshot displays the 'General Control Panel' for the CattleGrow system. The interface is divided into several sections. On the left, there's a 'Health' section with a green plus icon and a '28%' metric. In the center, there's a '3%' metric. On the right, there's a 'DEPTOOS' section with a '32%' metric. At the bottom, there are several status cards: 'CHUTE MODE (INEIGNING) Ready', 'CALVING BOOK 3 Births', 'STOCKING DENSITY 1.2 LU/Ha', and 'BEE MARKETPLACE 2 Active'. A 'SPECIAL OFFER' banner is visible in the bottom right corner.

1 Click 'Health' 

2 Click "Add Protocol" 

3 Enter protocol details
